Seminar on "Yoga and Lifestyle disorders"

22nd April 2019

Venue: Auditorium/S.N. Hall, MGIMS, Sevagram

Organized by Kasturba Health Society's

Arogyadham

The non-communicable diseases due to life style issues are increased both in developed and developing countries. In India also it has assumed public health significance and hence the Government of India has started a National Program for prevention and control of non-communicable diseases. While curative medicines has to offer for the treatment of life style disorders such as hypertension, diabetes, heart diseases and cancer etc. The evidences are there that Yoga and Naturopathy has helped in health promotion and disease prevention in all such diseases. Symposium on Yoga and Life Style disorders will provide an opportunity to faculty from medical colleges as well as to the medical practitioners to have first-hand exposure to the Yoga and Naturopathy with the help of recognized eminent experts in the field, and practice the same in their day to day practice. It will also provide an opportunity to have hands on training in Yogic practice.

Dr. Anuradha Khandekar
